The Group of Schools in Canedo, is located 15 minutes from the city of Porto and it is composed of 946 students (1st, 2nd, 3rd cycle from 5 to 17 years) and 63 teachers. The group is attended by students of various nationalities, including: Chinese, Brazilian, Swiss and UK.

Socially and economically, this village belongs to a disadvantaged area, where families struggle with high unemployment due to the insolvency of several companies in the construction industry and cork, the main employers in this geographical area.

For this neglect, it must be considered environmental factors, such as students who belong to dysfunctional family, lack of care related to food, health, motivation for school, lack of economic resources for basic needs and affective instability which are

Reflected in the development of students as well as their personality.

It is imperative wanting educational success for all students. The Law of the Education recommends it, the teachers and the parents discuss it, and especially our students deserve nothing less.

This is why we consider important to adhere to the projects of European dimension in order to stimulate its ability to push the boundaries of national and cultural boundaries and develop the concept of citizenship. We want to educate citizens who demonstrate a community mindset, preserving our common future and understand Europe united in its diversity.

It is an object of concern, the number of drop-outs. Hence the concern of school administrators to look for groups of Vocational Education and Training, (Computer operator, Waiters and Chefe).

The teachers focus on the use of appropriate methodologies for students with special educational needs who require specific support and pedagogical approaches, namely the cognitive level and language.

The levels of the teaching is second and third cycle of the Portuguese instruction that is from 5 to 17 years old. (EDU-SCHPm)
